Before I begin my remarks, there are many people I'd like to extend my sincerest thanks to. Mr. Bedard for his constant support and leadership. Thanks to Mrs. Bedard for her help with details and planning. Heather and her support staff for their incredible daily work in the clinic with our players Mr. Shields for his thankless, yet essential contributions as our equipment manager. Mr. McHenry and the entire Andrean community for providing us with remarkable support on a weekly basis. And last, but certainly not least, our team managers Justin Liu and Nova Schmidt for their help at practice each day and filming on game days.

I could not be more proud of the men on our coaching staff. Coaches Shrimpton, Carroll, Foote, LaForge, Brennagh, and Murray serve as tremendous mentors and role models to our players. Their passion and knowledge of the game, dedication to the football program, and genuine care for our players is nothing short of remarkable. I am truly blessed to coach alongside men I consider to be amongst my closest friends. It makes the journey of the season each year even that much more special.

At our opening morning meeting of training camp, way back when the rest of our school was still on summer holidays, I had a direct message to our players. I made the decision to recycle our team motto from a few years ago, "the standard is the standard." We had this printed on the back of our players' workout shirts. What does this motto mean? Far too often in life, we allow the standards we set for ourselves to be moving targets. It can become convenient or easy to lower the bar and thus justify giving less than our best in a certain situation, or towards a specific goal. I made it clear to our players that if they wanted to be a member of our football program, that the standard they have to meet has already been set. And that bar never moves. Our players must aspire to be the best possible brothers, sons, friends, students, and athletes they can be. They must never adhere to stereotypes of what defines a football player. They must strive to become leaders that our entire community can be proud of. They must accept a priority structure that ranks in this order – 1) Family 2) Academics 3) Football Distant 4) Everything else. Were our boys perfect in this regard? No. But I can state with absolute conviction that they bought into this mentality and strived for it on a daily basis.

To our players, your daily commitment to preparation on the practice field and in film study and meetings was exceptional. The pride with which you wore our colors and represented St. Andrew's was second-to-none. You are young men of great character and we as coaches are honored to have worked with you. Words cannot express my level of gratitude and appreciation to all of our graduating players. Thank you for all that you have given us. I can also guarantee that every returning player and coach in our program will once again commit all we have emotionally and physically in the pursuit of greatness next fall.

This season we earned dominant opening non-conference victories over the d'Youville Panthers of Brampton and Lucas Vikings of London. We went a perfect 3-0 against our arch-rivals the SMC Kerry Blues, outscoring them by a combined total of 116-41. We also went 2-0 against the TCS Bears, outscoring our rivals from Port Hope by a combined total of 99-38. Unfortunately, we remained snake-bitten against the UCC Blues, losing a heartbreaking CISAA championship game 30-27, in which we earned every statistical advantage over UCC, including total yards gained and time of possession. As is nearly always the case in football, a handful of crippling mistakes proved too much for us to overcome. Such is life and such is the great game of football. LG

This years team was filled with alot of talent, and some real studs. We have alot of strong athletes who will be moving onto the varsity level, as well as some very talented grade 9's who whill create a strong core to our group next year.
Big shoutouts go to the boys in the trenches and on the line. Big Reza led the squad, and was a force to be reckoned with.
Brendon Barrow accumulated massive rushing yards and was a huge part of our offensive game, and was this years MVP.
Nate Falconi was one of the best quarterbacks if not the best at the U16 level and was essential to our game.

Overall a great year, and we look forward to the next time the Saints take the field! JL

The year of the injury? The year of the comeback? The year of obstacles?
However way you wish to frame our season, it was a successful one. There are two events in particular that stand out. First, we kicked off the season by claiming the League Cup. That was a nice surprise as the boys hadn't played together much at that point.
This group fought through adversity, injuries, and self-doubt. They showed tenacity and courage, and played some pretty good soccer along the way too.

This year's JV squad was a great group of young men who were a real pleasure to work with and coach. The team played very well throughout the season competing hard agains some tough competitio They provided some great memories including their three goals in the final nine minutes of our last regular-season game against holy Trinity which secured our spo in the playoffs - unfortunately we came out a little flat and our first playoff match and lost 5 to 4 in a wild one Thankfully, our season did not end there, and the boys were able to enjoy a five-day trip to Bermuda where they went 3 and 0, and soaked up some much needed sun. # U16A *Soccer*

The season was tough for the boys this year. Going into this year we had mild expectations for the team as we knew we would have a young core of men joining the squad this year. This year was a season of ups and downs highlighted by a Massive 1-0 win against UCC at homecoming. In the end the boys fell short missing the playoffs with a record of 3-4. I would like to thank the gr 10 boys who will be moving on to the next level you will be missed. MT

The U16B soccer season was certainly challenging in our game results, however the true success of our team was seen in the development of individual skills, teamwork and in fostering a love for the game of soccer. This season, the lads worked hard in every practice and each of the players improved significantly. Moments of brilliance came at sometimes the most unexpected moments. No matter how tough our opponents were, the team stayed strong and positive, coming back fresh for a new battle in each game.

The final match against Crestwood was perhaps the most exciting of our season. For the first time, WE were up at the end of the first half 2 - 0. However, in the second half the pieces became unglued for about a 10 minute period and Crestwood popped in two goals back to back. Then, a few minutes later, we were trailing 3 - 2. Amazing how things can change so quickly lol. Our team turned up the heat and started to really give Crestwood pressure. With only 30 seconds left in the game, our cross came in to the Crestwood box. The first strike was stopped by the keeper, then the rebound hit the crossbar and bounced out again. On the third attempt Luke Burleigh managed to fire the ball into the back of the Crestwood net. With the energy of a world cup win, our team went wild with excitement. We had tied the game and the ref blew the whistle to end the match, and a fun season of soccer. **BM**

U14A Soccer enjoyed another season of intense games, full of emotional highs and lows, great camaraderie, peer leadership and growth, and ultimately, plenty of skill building and increased understanding of the game's intricacies. Much of the team was comprised of new boys, many never having played on club teams previously. Opponent rosters were full of rep players, so as usual, we had a real challenge before us to get battle hardened and ready to compete in this tough league.

Injuries were a key factor in our statistical success, as we were dealt a severe blow in early September with the loss of an excellent young central defender, Giacomo Primucci. He showed extraordinary spirit and patriotism as our emotional mascot, cheering us on from the sidelines in every practice and game. What followed were broken arms, concussions, jaw and tailbone sprains, colds, flues, and constant pairs of aching feet and legs. Such are Middle School boys.

As expected, our early games were losses, most notably a 9-3 Homecoming drubbing at the hands of UCC. Even our first victory against last place Crescent wasn't much to celebrate, as we allowed them back into the game after taking an early lead. However, the second half of the season saw much improved passing, defensive awareness and timing of interceptions, along with better fitness and an understanding of the heart and sacrifice needed to be able to withstand the toughness of our opponents. Two ties versus St. Mike's, as well as a much closer rematch against UCC, were most encouraging. Our greatest achievement came in our last regular season game: a stunning 4-2 victory over league leaders and eventual champs, Hillfield. It was a tremendously physical game, with our opponents doing their best to stop our assaults by hacking down Andreans whenever our frequent attacks mounted. Even with our freshly-injured top goal scorer off for the much of the game, our boys played their best of the season, causing our opponents and their coaches great consternation. Unfortunately, many of our players were so beat up from the match, that even one of our captains was unable to play in the semi-finals a week later, a loss against the same side, suddenly manned by more than one player we hadn't seen on their roster in any previous games. Such is High School sport.

Our strong defensive line was led by fearless "sweeper" Alejandro Elias Slim, ably supported by "stopper" Federico Zorrilla Jasso, Ren Motegi, Kordian Mazurkiewicz, Marcus McGowan, and Eugenio Rivera Munoz [also backup g/k]. Team co-captain, Jeronimo Cuevas Aguilar Alvarez, anchored our midfield corps of Caden McHenry, Luis Gonzalez, Owen Lapshinoff, and Pablo Alcocer Madrigal. Adrian Montes de Oca Marquez, our most [illegible] marksman, spearheaded a determined attack [illegible] Zurbrugg, Zishan Tejpar, Hunter Kolm, and tireless co-captain, Alex [illegible] We won't soon forget our captains' half-time and end-of-game inspirational speeches. Both Alex and Jeronimo were always positively encouraging in their thoughtful, constructive criticisms. Last but not least, goalkeeper Aaron Lee made numerous key saves in each game, inspiring team-mates to refocus and work even harder in support of each other and potential victory. **DK**

This year's team wa one of the more successful ones in recent times. The combination of some very good athletes and the addition of Mr. John Clements t the coaching staff made for a great season. The team finished with a recor of 4 wins and 3 losses. They scored 31 goals and only gave up 13 behind the stellar goaltendi of Marchel Woods.

This year's U13 soccer team consisted of exceptionally talented soccer players and hard-working athletes who were willing to travel to Winnipeg during the 3rd week of October.

The CAIS tournament is always the highlight of our season and this year's trip to the Winnipeg did not disappoint. It's a tough grind playing seven games over the course of three days let alone cold temperatures and the possibility of snow.

Despite the weather, the team finished the first day with 2 wins and earned a spot in the championship division. The highlight of the day was beating a talented team from Hilfield Stathallan College and hindering their opportunity to win back to back titles.

The second day was tough on the score board but, the boys were within a goal of making it to the semi-finals on the Saturday morning. A ridiculous free kick from 30 yards sailed in just under the cross bar and ended our chances of winning the title. The boys should be very proud of their efforts both at CAIS and during our league play. **MD**

# U12 Soccer

By most accounts, the U12 season was an amusing one. The goal of our team was to have fun and to promote individual and team development. The boys worked hard each practice and were always ready to share a laugh or two.

While our season record does not show too many wins, without doubt our main goal was met. The boys had a great time during each practice and game. They improved not only on individual skills, but improved playing as a team, and always remained in positive spirits. **EP**

After 4 straight CISAA finals, and with only one returning player: our Captain Noah Lugli, we were up for an exciting challenge. Coach Cowell and I knew it was a transitional year and time to rebuild. This was a rewarding season despite the multiple challenges we faced. Picture a team with no experience playing against the likes of St. Mikes - what a rewarding challenge that was. The lack of experience was replaced by a flowing enthusiasm by all players, all season long. Volleyball is an instinctive, fast paced, and a mental game. Emotions and passion can quickly take you to a victory or a disappointing loss. This year our games were mostly played until the last playable point. Every game was loaded with emotions. These types of games made us a much improved team by the end of the season. Unfortunately, the gods of sports were not on our side. We had four of our starters fall to injuries near the end of the season. Despite such losses we were able to make it to the CISAA Semi-finals, where we lost to a very healthy and better UCC team, even if we were the better hitters. This match, however, showed us that with a little more consistency and experience, we have the potential to surprise a few teams next year. Coach Cowell and I look forward to next season with a renewed enthusiasm. And we would like to thank the players for being an amazing group, fun to coach and proud to represent SAC with class and respect, at all of the tournaments we attended. We are very appreciative of the leadership demonstrated by our only graduating player, Noah Lugli. We hope to see him visit us in the future. ***CN/FC***

# U16 Volleyball

The U16 Volleyball team saw tremendous success this year. Our very young team boasted a season record of 4-1, a tournament record of 7-2, and a CISAA playoff record of 1-1. We unfortunately fell short of our season goal, a CISAA gold medal, after losing in the championship match 3 close sets to 0 against St. Michael's College. All of the boys on the team should be commended on a season full of personal and athletic growth, great team unity, and consistent hard work. Coach Kang and myself were both very proud of the sportsmanship, class, respect, and positive attitude each and every one of you brought to the court, whether it was a practice, during CISAA matches, or tournament play where the other teams made fun of the rich school with matching tracksuits. We look forward to building on the success and camaraderie of this season next year as 6 of our 11 players return for a second season at the U16 level. Congratulations on a great season, boys. **AG & KK**

Short on both talent and effort, the U14 volleyball season was marked almost exclusively by brilliant coaching. From our very first tryout, Mrs. Elliott and I knew we would be in tough if we didn't bring our "A games" every night. Luckily, we did. Looking back now, we can say with confidence that we coached our way to a perfect season.

I'm totally kidding. Actually, these boys couldn't have made it easier on us this season. From the developmental team to the role players, never have I seen such a selfless group of boys, willing to sacrifice personal successes for the good of the team. Everyone was on board from day one. A winning season was definitely expected, but I'd be lying if I said I thought we'd be as dominant as we were. Much of that can be attributed to the in-season improvements many of the boys made. Ben and Braeden started out tryouts as two hockey players looking to smash everything in sight. By the end they were making finesse plays that had Mrs. Elliott and I saying to ourselves "these guys have to play next year!". Dana Goharchi must've decided to drink a couple Red Bulls before each game, because he turned into an absolute beast in the second half of the year. Kieran Walters, when not hungry, had coaches asking for birth certificate checks on a regular basis. Roy Huang developed a four-seam fastball for a serve while Lochlan McTeague started pumping out a swing-and-miss floater that would make RA Dickey jealous.

By the time finals rolled around, we were 7-0 and Coach Elliott had the hospital on speed dial. Fittingly, it was our Team Captain AJ Nichols who sealed the deal for us with an ace on match point to win the CISAA championship. Although the dramatic nature of our win definitely put Mrs. Elliott into early labour, I couldn't be more proud of the way our boys performed that day and all season. Way to go boys. CISSA champs. **WE & CD**

From our first try-out it was clear there was a lot of enthusiasm for volleyball from these grade 5 and 6 athletes. With only a handful of returning players, there was a lot of fresh talent on this team. Most of the boys had never played volleyball before, so this season was all about developing the skills and confidence they needed to play. Our season kicked off with a series of convincing wins, including an exciting Homecoming match against UCC. With a busy schedule, the Saints went on to win all but one of their regular season games. Going into the CISAA Finals, we were ranked in first place. We soon realized that the other teams we had easily defeated during the regular season had improved, and the boys really needed to play their best to win. The Saints ended up in 5th place after the morning round-robin tournament. They played Crescent in their final game and lost, finishing the season in 6th place. All in all, they were a pleasure to coach and many of them made great progress in their skill level. They did an incredible job of representing the School.

"The will to win means nothing without the will to prepare". No matter what your goals and aspirations are, without hard work and determination, you won't achieve what you have set out to accomplish.

It's for this reason that I am incredibly proud of our Middle School runners this year – they demonstrated the will to prepare. They understood that difficult practices led to excellent race results. They asked to be challenged with sprints, they asked to be challenged with endurance, and they asked to be challenged with tests of strength.

Although they pushed themselves very hard, they also had a lot of fun and enjoyed the games we played to develop running-specific skills and to foster a true love of running. Their positive attitude, willingness to help one another, and lack of ego should serve as a good reminder to all of us about the true meaning of sport.

Mrs. D'Angelo and I were very impressed with how our boys' perspectives slowly changed throughout the year. They began to believe in their own abilities and recognized that what the mind believes, the body achieves. What the boys thought to be challenging in the first few weeks of the year, quickly became manageable, and ultimately became mastered by the end of the season. While we had a number of significant individual accomplishments this year, the most important thing to remember is that we succeeded as a team because of our willingness to prepare. **SD, KR**

As always, with a number of last season's players moving on to the Junior and College ranks, the task was passed to this group to raise the bar even higher. We experienced some ups and downs throughout the season, and battled inconsistency at times, but more often than not we hit our stride and played a creative and thoughtful brand of hockey that isn't easy to do. We once again claimed the St. Sebastian's School of Needham, Massachusetts Tournament before Christmas. To Earn the crown we beat two of New England Prep School's top three teams to claim the championship. We won the Armstrong Cup as CISAA Regular Season Champions. Then followed that with the CISAA Playoff Championship over Upper Canada College in three games. Unfortunately, we finished the season losing in overtime to Bishops College School in the semi-finals of the National Independent School Championship. One result however, neither positive or negative defines a season's worth of time and effort.

We had 21 dedicated, hard-working, and creative players who made going to the rink most days a lot of fun. Committing to something completely, spending hours on a bus, studying in hotel rooms and lobbies, writing tests using pizza boxes as a desk, doing a workout on a Monday after a 3 game weekend and a 10 hour bus ride is only a cross-section of what these young men have thrown at them weekly and what they expect of themselves on a daily basis. This group learned to trust that improvement and success is a process and never a destination. They learned that being accountable to each other and most importantly themselves is an essential trait for their success in the future, in whatever endeavor motivates them.

To our senior players: Noah, Morgan, Lucas, Jacob, Felix, Ryan, Regan, Adrian and Corey thank you for being coachable, relentless, and a pleasure to coach. Best of luck in future. DM

As it all came together the team finished strong with a 9-1 record over its last ten games, with the loss coming in our first game in Sweden, the day after a long flight. We won the Trinity College School tournament with a thrilling 3-on-3 OT win in the final over Lower Canada College. We then followed that up with a CISAA championship outscoring our opponents 26-6 in the playoffs, and beating Villanova 6-2 in the final.

After a successful season, 18 of the boys travelled with Mr. Reid, Mr Kimmerer, and myself to Stockholm, Sweden; Helsinki, Finland; and Tallinn, Estonia for 9 days during the March Break. We went 4-1 and had an excellent time exploring each city. The boys got guided tours of each city. In Stockholm, we visited the Nobel Prize museum, the City Hall where they host the Nobel prize ceremony, and toured the Vasa museum which houses a beautifully preserved 17th century warship. We then embarked on an overnight cruise to Helsinki where the team enjoyed a great buffet, and sang some karaoke. In Helsinki we went 3-0 on the ice and tried archery and air-gun shooting at a Finnish Sports Camp as well as some shopping in downtown Helsinki. It was a successful season, to say the least! **JM/GR**

The U16A team went to UCC for an exhibition game to start the season where we were thoroughly beaten by the UCC Blues We thought we were in for a tough season but with all the new players on the team it simply took us awhile to find our chemistry. During the season the team managed to pull together and beat UCC in convincing fashion in the next three league meetings. In fact, the only team to beat us in league play was perennial power house St. Mikes. Aside from Mr. Madill's inspirational between period speeches, a very memorable moment this season was playing St. Mike's in their tournament in a semi-final game with their entire school at the game.The Saints battled hard and deserved the victory but unfortunately, SMC got the lucky break and scored in OT to win.

The U16A team finished league play in second place with a 7 win and 2 loss record. We actually managed to beat St. Mikes by a score of 4-1 in the last game of the year. In our semi-final game, we had a slow start and found ourselves in a hole against the UCC Blues, a team that we had beaten in the previous three meetings. The Saints battled hard, but it was too little too late. Unfortunately, it was not our day and we lost to UCC 4-3 to end our season. It was a tough loss on many fronts but it was especially hard because we were not able to get one last chance to try and dethrone long time champion St. Mike's in the final.

The U16B Hockey team had a very unusual season. To start, the league folded early in November so we were forced to find somewhere else to play. After considering the various options, we ended joining the Sr. Non-Contact league. We looked out of place early on, losing badly in our first three games, including an 8-1 loss to Ridley in our first game of the season. League rules state that the game clock will run in the 3rd period if the margin is five goals or greater. Hence, our goal for game #4 was to play three stop time periods.Thanks to an incredible work ethic, we won six of our next eight regular season games. This included three must-win games in a row in order to qualify for the playoffs. We played our best hockey of the season, which included solid goaltending from Brandon Kim, and ultimately finished in 5th place in the 13-team league. As a benchmark, to show how much our boys had improved, Ridley (the team that beat us 8-1) finished in 7th place and out of the playoffs.In the Quarterfinal playoff game, we travelled back to TCS to avenge a loss from earlier in the regular season. Knowing it would be nearly impossible to advance beyond this point; this game was our "Stanley Cup". We played a tremendous game to secure our spot in the Final 4.We were promptly eliminated in the next round, as the 3 other teams far exceed us in age and talent, so we made it back to School in time for afternoon classes. **PB, RB**

**Front Row:** Hunter Kolm, Caden McHenry, Christan Haggith, Claudio Ardellini, Anthony Simpson, Quinlan Goring **Missing:** Mr. Dave Stewart Esq.

Mr. Galajda loves the hockey season. He reminds me on an annual basis. "Mr. Stewart, I love the hockey season." "I know, Mr. Galajda. You tell me that every year." But, as is often the case, Mr. Galajda had moved on to another conversation and did not hear a word that I said, instead uttering things like, "That mural of Matthew Galajda sure is a beauty", and "Macdonald House is dominating in res life activities, especially laser tag", and finally, "Mr. LaForge is a funny man." When I am older, I have no doubt that I will write the story of my life, entitled simply: My Life as a Ukrainian Canadian: The Dave Galajda story. Anyways, it was tryout time and we were pumped. However, this season posed some interesting challenges. Mr. Galajda has a firm command of the English language but struggled with the names of many of our players. I mean, he was fine with Matthew Aubie: "Aubie, stay wide! Aubie!" And of course, he knows Jean Marc Fantin quite well: "Jean Marc, skate faster or you're gated!" Gating kids for skating slowly...that's how we roll! But other names gave Mr. Galajda some serious trouble. How about Marcus Aiotoro. "Mr. Stewart, what's that kid's name...he's got some good jam!" "That's Marcus Aiotoro." Galajda did his best, "Hey...Ichiro, great job out there!" I looked at him, what did you just say? "Ichiro, like you told me." Wow. Then there is Daniel Baldassarra. "Man that kid can skate", Mr.Galajda remarked. "He would be good on a line with Ichiro." But Mr. Galajda could never quite get the name right. Daniel Baldassarra scored during a game against UCC, and Mr. Galajda yelled out, "Great job, Baldy!" The LaBrier Family arena, filled with our fans, all thought he was talking about me. We have an Iwai on the team. "Which one is that?" "It's Jake." Five minutes later, "Great play, Darren." And with Frankie Carogioiello, Mr. Galajda did not even make the attempt. After a loss down in Toronto, one of the St. Mike's coaches remarked, "That Carogioiello is a nice player." Mr. Galajda looked at me like, "Who is he talking about?" I looked back, "Frankie". "Oh, right, Frankie. Sweet Player." But, Mr Galajda never got one name wrong. Ever. "Hey, McHenry!" "Yes, Mr. Galajda?" "Just keep doing your thing out there, especially that awesome spin move. Well, do whatever you want on the ice." Did Galajda suddenly get replaced with Mr. Biasi? It's like I was watching a U12 practice from last year, "Eh, McH! You remind me of your father on skates...perfection in motion. That's what I call, Job security!" But Mr. Galajda loves the hockey season and so do I!

And in the end, we had a great season. We won some games along the way but couldn't seem to steal one when we needed it the most, but that is the nature of sport. But, we had a class group of young men who made the experience tremendous. Mason Wright made a new friend during the season, and his name was Mr. Galajda. Thomas Kloepfer registered the hardest slapshot in the league and Lochlan McTeague busied himself with jokes about Mr Biasi. In the end, this was a great group and they were a pleasure to coach. And, they deserved a much better fate than what they received. In the end, the boys votes for both the MIP and MVP. Our MIP this year is a returning player. His game grew throughout the season and he was one of the strongest forwards during our PK. Our MIP this year is Ethan Ritchie. Many of the boys garnered votes for MVP. Matt Aubie, Daniel Baldassarra and Thomas Kloepfer all registered votes, but in the end, there was a clear winner. His work ethic is second to none, competing at the highest level until the final horn. He was often the finest player on the ice and was respected by both his teammates and the opposition. Our MVP this year, Frankie Carogioiello **DS, DG**

Your U12 hockey Saints entered this season as defending CISAA champions but with many of our impact players moving on to the U14 team it seemed a tall order that we would repeat as champs. To top it off, we didn't have a goalie. Well that's not completely true; there was one goalie in all of grades 5&6 who recently retired from the position and was now a skater on his outside hockey team. Things looked bleak.... However, when practices began in November, it was quickly obvious that there were some new boys to the school who could really play and Mr. Weedon and I were cautiously optimistic.The season saw some big wins and a few tough losses. One especially dark day saw us lose to Royal St. Georges from Toronto who beat us 8-5 with one guy scoring all 8 of their goals. It was like coaching against Wayne Gretzky. The kids was unstoppable. As usual, our season highlight was our annual trip to Montreal's Selwyn House were we play in a two-day tourney which features our boys billeting with local host families. Two of our boys stayed with the owner of the Montreal Canadiens who took them on a tour of the Molson Centre and let them run around on the ice and go into the Canadiens Dressing room, etc. During our games, we faced some tough games and some adversity. To give you some context, Mr. Weedon and I always tell our boys that when you score find the guy that passed you the puck, touch gloves and be humble. In short, "act like you've scored before". Barry Sanders example. Our boys became fired up as the tournament progressed as we witnessed first-hand some of the most egregious examples of sportsmanship imaginable. Some examples of how not to behave include, one of our opponents, after burying his third of the game, skate by the prents, remove his glove and yelling at the parents, "Un, Deux, Trois!" followed by a huge fist pump. Another was when we gave up a goal and the guy on the other team (who looked like Jaromir Jagn) raked our bench. Or maybe the best of them all, the same player scored on us, slid by the bench dropped his stick on the ice and then pretended it was on fire. **TB, NW**

However, I have to admit that since we've been working together, I have pretty much monopolized the end-of-year speech, so this year I thought it might be considerate to include Dr. Joiner in our wrap-up. Thank you to our developmental players. Our program is strong and growing thanks to you. This year, for the first time, we successfully organized a tournament for the development players.**MR**

The 2016/2017 First Basketball season brings forth many different emotions for Mr. Ludwig and myself. From the success found in winning our SAC invitational tournament, to the frustration of losing some close battles against some formidable opponents. Yet, regardless of our play, an incredible group of young men made this season a very enjoyable journey for all involved. Some highlights of the season include Wells Karabin's in game dunk against SJK, Jacob Edwards putting on an offensive clinic at CAIS, Amar "aka the Brown Mamba, aka the Dairy Queen Don Patel's coming out part against St. Mikes, that one time Rush blocked someone, attempted to look tough, then immediately apologized to his opponent for his behavior, that one time Walter Dribbled and my personal favorite involving a stop at a McDonalds in rural Quebec after our CAIS Tournament. Upon finishing our meal that evening, we had decided we were going to pick numbers for seat choices in the van. Mario demanded he go first in picking despite being the smallest person in the van. As he unwrapped the number, the anticipation grew as Mario had complained about his seat for the duration of the trip to Montreal and no one wanted to see him get that coveted #1. He opened the sheet of paper and lo and behold, he had uncovered the #1. He then proceeded to scream in what was a fairly busy McDonalds "I'm #1.... I'm the best!!!".

Stories aside, I would like to thank our team trainer Lucas and most importantly, our team manager Doug Chen-Young. Doug was more than just a manager. Yes, he took stats, policed the ball bag and ensured the team stayed hydrated. However, Doug was more importantly always there for me. Together, we insulted Edwards until he cut his hair, we had intellectually stimulating conversations with Jacob Grant, we questioned Adre's pregame dance moves, we questioned Mario... just everything about Mario, we pondered what Zak was yelling in Russian, and how after years of playing basketball Theo could not possibly do a normal looking lay-up. Ultimately, He was there for my emotional well-being and for that I thank him. SL

It was with significant trepidation that the U16 coaches commenced this basketball season. With only two players returning from our Championship season the year before, we knew it was going to take a lot of patience, hard-work and improvement from not only our two Captains and leaders Bilal Mahmood and Noah Hulton, but really from the ten players who were new to the U16 team.

Learning our systems, playing as a team, executing at both ends of the floor, and playing committed team basketball was going to be a challenge for a group of players who had played virtually no minutes together.
I am sure the boys got tired of me talking about the fact that being good early in the season was not necessary, but that the end of the season, and the start of playoffs would be when we needed to put it all together. The year was about ongoing development.

The fact of the matter is that in a very competitive U16 loop, simply making the playoffs would be a significant achievement for this group of players, an achievement we reached with a fourth place finish in league play.

That brought us to a re-match of the Championship game from last year and a date with St. Mike's who have only lost one game in three years.
The semi-final, as I detailed on News was an incredible game with us falling behind 15-2 in the first quarter and down fourteen at halftime, only to scrap back with will, determination, and pure energy and passion to within three points with three minutes to play. Unfortunately, the perfect play could not be sustained and St. Mike's advanced to the final ... winning the Championship easily.

The U16 coaches would like to thank all of the players for their hard-work, determination and commitment to team basketball. In particular, we want to thank our Captains Bilal Mahmood and Noah Hulton for setting the bar so high for the rest. **CS**

It was with significant trepidation that the U16 coaches commenced this basketball season. With only two players returning from our Championship season the year before, we knew it was going to take a lot of patience, hard-work and improvement from not only our two Captains and leaders Bilal Mahmood and Noah Hulton, but really from the ten players who were new to the U16 team.

Learning our systems, playing as a team, executing at both ends of the floor, and playing committed team basketball was going to be a challenge for a group of players who had played virtually no minutes together.
I am sure the boys got tired of me talking about the fact that being good early in the season was not necessary, but that the end of the season, and the start of playoffs would be when we needed to put it all together. The year was about ongoing development.

The fact of the matter is that in a very competitive U16 loop, simply making the playoffs would be a significant achievement for this group of players, an achievement we reached with a fourth place finish in league play. LD

The boys had a great run this year with some big highlights to remember. The twins Owen and Thomas Hollett were a force on the court and provided alot to ur team. With the entire team graduating we hope to see them succeed at the U16 level. As for next year, we are excited for a new team that is willing to work hard and learn. Thanks for a great season boys! # U13 Basketball

The U13 basketball team's season can be summed up simply as "the grind". The first day our players came into the gym, they thought they were Corey Joseph of the Raptors! Wild, acrobatic moves every time down the floor with little to no passing or finishing. Much of the season focused on developing foundational skills of the game and buying into playing team basketball. The highlight of the season was the CAIS National tournament in Hamilton, where they won every game in the consolation round because of tough help side defense and execution on the fast break. Unfortunately, a tough loss in the semi-finals culminated with a third place finish and 10th overall. As the season progressed, it was evident that the boys understood their roles. Joe Gentile and Lucas Fong would consistently slash to the hoop from the wing and make shots Jonathon Shen and Spencer would use their post-up moves to score easy baskets Ronan Woodroffe would finish nicely on the fast break after stealing the ball. Kyle Murphy and Kade Hennessey would take charge and make sure the offense was set up. Ashton and Ryan were reliable in-bounders that would make great assists. Marcus and Adam hustled all over the court to cover the opponent's top scorers. Lastly, Bob and Vito improved their rebounding and soft touch around the rim. By the end of the season, the boys had turned their brick shots into successful bank shots and wild unsuccessful shots to textbook lay-ups. As coaches it was rewarding to see the significant progress of each and every player this season. MD/SH

Thank goodness for our grade 5 program! This year, I had a grand total of 8 grade-6 boys show up for tryouts. Fortunately though, there was a fair bit of interest among the grade 5's, and we managed to start the season with a full roster of 12. It's true that we faced a lot of tough competition this season - teams that were generally older, taller, and more experienced than we were, and it's also true that we had to wait until the final tournament before we earned our first win, but these challenges offered great opportunities for our players to develop and to show what they were made of. We can all be proud of how hard these boys played and how well they represented St. Andrew's - our point guards, Michael Wang and Quintin; our shooting guards, Christian and Gabe; our small forwards Beckett, Ethan, and Michael Zhang; our power forwards Cevin, Haadi, and Evan; and our big men, Charlie and James. Great season, guys! Before announcing the award winners I want to give an honourable mention to our point guards, Michael Wang and Quintin Roy. These boys worked awfully hard throughout the season, bringing up the ball and trying their best to run plays in very challenging game situations. Michael is in grade 5 and will be one of our stars next year. Quintin, in addition to his great-ball handling skills, was by far the most aggressive player on our team. In fact, he is the only player that I have ever coached at the U12 level who actually fouled out of a game. This aggression will be a real asset to his next team.SL

[illegible] the end of the season, there is only one meet that counts in Middle School swimming: the CISAA championships. Our team prepared for very long and many hours that day. Some of those include: Fourteen different members of the team had ten 12 finishes at the meet. This is particularly impressive [illegible] the competition they faced that day from the other teams. Only one disqualification for our team for the entire competition. Swimming is a sport in which there are very strict rules and techniques that must be followed; our boys rose to the occasion.
Anuar Sesin took over 18 seconds off his 100 freestyle time. He started the season with little swimming experience, but he demonstrated [illegible] in coaching, which showed in this remarkable result; and
Our grade 8 team came second overall in a very difficult field of club swimmers. MT

The CISAA Championship took place Mid-February at the University of Toronto. Swimmers knew the competition would be tough and for the first time [illegible] years of coaching Andreana, these boys wanted an edge that the November training camp and 2000m practices could not achieve alone. Our boys went the extra mile and prepared like competitive club swimmers at a championship meet. They learned about the physical and psychological benefits of winning teamwork [illegible] to CISAA proceed. Their efforts were tremendous and gave us the results we were looking for. Our junior and open boys teams both place second behind [illegible] boys took home the championship title!
At CISAA in Windsor, the boys sailed again and for some, for the first time. Again, the results were impressive as our boys competed against 13th [illegible] and 204 schools. Taking the largest team in years, the Saints attended. Our team of 3 Open boys placed 2th, our 5 Junior boys placed 8th and our 3 senior boys placed [illegible] in the overall category that combined boys and girls combined points our total boys points placed up 16th overall, that's 16th out of 204 schools. At the championships, lead by captain Mo Salemwalla, we had a chance to defeat #1 ranked UCC in the semi-finals. On a nine-man team, the outcome often turns on the player in the middle of the order at rank #5. This year, that position was filled by Michael von Schalburg and Michael did not disappoint, winning his match convincingly. Then Trew Morris and Ben Mai disposed of their opponents in straight games. We had 3 of the 5 victories we needed. Unfortunately, that was it for the semis and we lost 6-3 to UCC. We then defeated Appleby College 7-2 in the 3 / 4 playoff.

After a few of our tri-meets, we soon realized that all of the participating schools were well matched. Crescent was not the only school we needed to keep on our radar, but all of the schools were at their best this season. The boys used that to fuel them during practices and some even took up the challenge from our varsity coach to change their grip on the racquet.

At the end of the tournament, we proudly wore the silver medals around our necks in one of the best finals in each seed played at this level yet. I am very appreciative of their efforts throughout the whole season and hope to see all of them continue in the sport. **KK**

Boys on both teams showed great team spirit by cheering each other on in competitions and always coming to the court to compete. Global warming made for lots of varied weather and interesting snow conditions this season: slushy, sloppy snow one week; sheer ice and gale force winds the next, and then of course the requisite blinding blizzard. Our boys didn't seem the least bit fazed. Well, most of them weren't fazed: Sam Crowder looked down a 45 degree ice-coated hill and wondered aloud if it was time for him to try a new sport. When we did have decent weather, Matthew Brenzel broke as many gates by himself as the rest of the team put together; Sam Gentile made lots of new friends on race days; Cooper Scullion-Smeenk went sailing; and Aidan Walters kept asking us technical details about the course set up that we wouldn't know in a million years. But you want to know about the skiing… through all the challenging conditions, our boys kept racking up decent results. First. Second. First. First. Going into the final championship race, all of our teams were in contention to win CISAA. Our school-trained team, who had already qualified for OFSAA, seemed a shoe-in to win, and all we needed was a decent team finish from our club-trained skiers for them to be CISAA champions and OFSAA bound too. Well those hopes evaporated quickly! The race course was littered with SAC skis and poles and incredibly, not one of our teams was able to secure the CISAA championship that was within touching distance at the beginning of the day. However, the school-trained team of Charlie Elliott, Cooper Scullion Smeenk, Tony Sul, Alex Bordage, and Sebastian Murphy Ives did go on to OFSAA and win team silver medals in Giant Slalom. Yes, it's true: Cooper beat Charlie. Another notable finish was Tony Sul's epic fourth place in the Slalom event. **ND JI**

The breakdown of the brand new lift at Horseshoe set the tone for the whole season; we had multiple broken poles (Val & Lucas) and unreliable weather conditions. In fact, we had a race cancelled due to the warm, slushy and unsafe snow conditions. Two weeks later, it was so cold after a day of rain in Collingwood that ice skates would have been preferable to skis on the hill. Despite the terrible snow conditions on race days, the team was sitting in 1st place heading into the Championship race. Unfortunately, a few bad runs in the afternoon left us out of contention and we finished the season 3rd overall. **CB**

The Nordic Ski team had a great season this winter, leading the way in the CISAA schools and performing admirably at the OFSAA championship races. This year's team consisted of 17 young men in grades 9 through 12, half of whom were veteran skiers and half in the development team, new to the sport of cross country skiing. Our early weeks of the season were devoted to an arduous dryland training program, which helped prepare ourselves both mentally and physically for the challenges of the sport. We would like to thank John Murray immensely for his support in providing the upper deck of the weight room to the Nordic team for our dryland training this season. We were lucky to have an early snowfall this year and the team hit the ski trails early in December. This allowed us to focus on skill development early and get right into the race season. Our Saints appeared at four high school invitational races in preparation for our CISAA Championship race, which was held this year at the Kawartha Ski Club near Peterborough. This year, four CISAA schools competed in the championship race, but we knew that we would have to watch Lakefield College School the closest. As expected, Lakefield gave us a good challenge, however our Saints came through with solid performances, claiming the CISAA trophies for both the Junior and Senior level. In the Junior team, Stirling Cochrane won the bronze medal skiing the 4.5 km course with no poles. Due to a wrist injury at the start of the season, Stirling was unable to use his poles. At the start of each race, he would come out the start gate and toss the poles to the side, skiing off using only his legs. In true Andrean spirit, this didn't stop Stirling from making the podium. Congratulations to Stirling, Graham Stanley-Paul, Thomas Childerhose and novice skier Fernando Salomon for winning the Junior Boys Gold Medal.

At first glance, our 2-6 record would suggest that the U16 Rugby team had a very unsuccessful season. When you consider that only 6 of our 15 starting players had ever played the game or rugby before, however, our results may seem far less dire. Furthermore, when I mention that we improved with every game and were able to stay close to the top teams in the league, despite our inexperience, one perhaps would consider our season to be quite successful.

Both Mr. Gilroy and I were very impressed with the resolve and effort of this keen and dedicated U16 team. In fact, their eagerness to learn the game of rugby, their constant desire to improve, and their never give up attitude made them a fantastic group to coach. I certainly hope that they enjoyed getting to know the game as much as Mr. Gilroy and I enjoyed teaching it to them. ***JI***

Outnumbered but never outworked. the U14 rugby team enjoyed a fairly successful season, having won three games. And while we didn't win all of our games, that's okay, because as I told the team before our first game, "a great rugby player isn't measure by how many tries they score, or how many big hits they make, they're measured by how they react when they get scored on, and how hard they can get hit, smile, pat the guy on the back, and hit him twice as hard next time" that's what makes a great rugby player, and that's what makes rugby a great sport. So… ultimately this season was about learning and developing a passion for the game, and I think that we accomplished that, and I hope that all of you continue with your rugby career moving forward. On to the awards. Our MIP was new to the sport this year, and it's funny because they actually remind me of myself when I was a young player in that they would opt to run through an entire team rather than pass the ball. He was a devoted player, he was tough, and he was tenacious, our MIP and co-captain of the team is Benjamin Goring. Our MVP was one of our more experienced players; he brought a great work ethic to every practice and was a leader on and off the field. He clearly has a passion for the game and I'm sure that he will go on to be a great player in upper school. Our MVP is Kieran Walters.

Though sixteen schools were represented and participated in the CISAA finals, the reality is that it continues to be a battle between UCC, RSGC, TCS and ourselves. This year, we entered the championship on the heel of an undefeated season. We were the team to beat, and your Saints delivered. In fact, with all 5 positions (3 singles and 2 doubles teams) in championship matches, we could actually have lost all five matches and still taken the overall championship based on positional points alone. This season for Under 16 Badminton has been a season of development. Many of the players were either, new to the sport, or if they joined us from the Under 14 level, they were developing new partnerships. We may have only have won one of our regular season meets, but with every match the boys learned from their mistakes and they were able to make adjustments for the next game. When we reached the CISAA finals, it was the boys' chance to demonstrate their growth this season. Many of the players that did not see a single win during in-season matches began to dominate the courts. The boys played their best and earned us a respectable 3rd place in the CISAA finals.

We entered this season with high hopes and felt that we had one of the strongest teams in recent memory. You see, usually, St. Mike's is way up here and we're down here. Sometimes, however, when we are up a bit and St. Mike's is a bit cocky, we have a real shot at them. Going into the season, we felt that this was one of those years.

With our strong team, Mr. Papalia felt it appropriate to line up some games with some elite teams from around the province. Those teams are all coached by guys who never take off their sunglasses. Like never. All those coaches also register a 10 on the intensity level; just like Paps.

Anyhow, we began the season with a tie and a close loss to two perennial OFSAA contenders Pickering and Sinclair HS. We then hosted our own tournament and won a pair of games before securing easy wins over Country Day School and Crescent in league play which set up a game for first place in our division vs St. Mike's. This would be a grudge match.

Before I continue, I'd like to take you back about 10 years to earlier days when we played St. Mike's. Those were the days when Mr. McHenry was a member of the baseball coaching staff with Mr. Gurr and me and Paps was a student at Pickering High School. Mr. McH and I had a theory that the St. Mike's guys could not hit soft throwing pitchers because they were so used to seeing 85 MPH in their elite level ball. We started a guy one day that couldn't even reach the plate with his fastball. The St. Mike's guy took the first pitch, looked into the dugout and smiled, and his the next pitch 400 feet for a home run.

We wouldn't make that mistake again. We started Black and he was dominant. We took a lead into the 4th inning but they came back and went ahead later in the game. We pulled ahead in the 5th only to give the lead back. In the final inning, we tied the game, had a guy on 3rd with one out but couldn't score him and we tied. Disaster. Our season hinged on a coin flip to see who would be awarded first place in our half of the division as we were deadlocked through all 6 tiebreaking rules. I picked tails - it was heads - we lost. When I told David Bowen, he looked at me with disgust. I said, what gives, he said, "Bias, everyone knows it is heads before noon and tails after noon……"

Losing the coin toss meant a date with UCC after the long weekend. We were confident - then Tyler Black broke his foot in an outside baseball tournament…then we were less confident. This severely hurt our chances and we ended up bowing out of the CISAA semi-final.

First, everyone on the team has a nickname. When Tristan Hick's little brother, Jordan, joined the team this year, he immediately became known as "better Hicks". This resulted in Tristan being called, "worse Hicks". When we found out there was another Hicks coming later, the boys were pumped and started calling him "best Hicks". Eugene Lee is known as G-Flame and every time I do the gamesheet I start writing down G-Flame, then I'm confused because I never remember his name is Eugene.

Up until this year, we've never had a player hit one out of our diamond. Then Tyler Black showed up and crushed one over the right field fence. We were pumped. LG and I were excited, talking about getting the ball. I almost hit the scoreboard. Everyone was excited, jumping up and down. Everyone except for Mr. Papalia. Better Hicks came up and said, "how long has the field been here anyways?" To which Paps responded, "long enough to realize the futility of our power output…."her

When playing a weaker team this year, the other team took the first 16 pitches. Paps was unhappy and mumbled, "we could literally play this game with two people…"

Paps also screams out "watch your lips" if a throw is too low. Jack Kensit, took one in the face this year, came to the gathering with blood coming out of his mouth and said, didn't watch my lips.

And finally, is Amar Patel in the crowd? Good. I had a running joke with Amar that the other two coaches wanted to cut him, but I kept him on the team. Actually, Amar, it wasn't a joke. Anyway, one day, we took out our usual center fielder, Rob Cranston and gave Patel his shot. It is said that in baseball, when you make changes, the ball always seems to be hit in you. Well this was no different. The next batter hit a towering shot to center field. Amar's first reaction was the panicked two-foot stomp. He looked frozen. Then he took two steps in, then a step back, then, and I'm dead serious, his shoe exploded off his foot and he started running to catch the ball with one shoe on. As the ball came down, for some reason he tried to catch the ball with the wrong hand. He actually got a piece of it and the ball juggled around before landing on the ground. It really was funny.

We didn't win this year, but we had a blast. With almost every guy returning next year, I hope to be standing here telling you different next year. **TB**

I seem to start this speech the same way every year. As I have said in past season speeches, this was not our season to shine, if you measure the success of a team only by the number of wins. However, this was a season of many accomplishments and certainly many good times. The boys got excited when we beat UCC's grade 8 team. Our season was looking promising; however, unfortunately that was our only win. On a positive note, the players always demonstrated positive attitudes, they all improved their skills, and they showed incredible sportsmanship and support for each other, which is always the most important part of playing on a team in the Middle School.
The MIP this year goes to a new player who decided to try out softball for the first time. He came out to practices and worked diligently on improving his skills, especially at bat. We look forward to seeing him being a starter next year. This year's MIP is Vincent Virgilio.
Our MVP consistently came prepared to every game and practice-ready to try his best. He consistently demonstrated a positive attitude and the support that he demonstrated to the rest of the players was outstanding. He was our most consistent player at bat and in the field. Congratulations, Kade Hennessy. AD

I know many of you are expecting a funny speech from me. However, I think I have run out of funniness. I mean, it is not unlimited you know. As Dr. J would say, "It is simply not a renewable resource." Once you say a joke, you cannot use it anymore. So I decided to go the opposite route today.

Based on satellite imagery and a Breitbart article, the U12 baseball team had the single greatest season of any baseball team ever. Period. The start of our grueling regular season of 5 games showed this team had potentially somewhat meaningful tasks to address. I mean, we were thrown into this mess. We had to fix everything from last year's team. It was a disaster. Disaster. I want to thank our assistant coaches for their loyalty and whose names I do not want to mention, as it is inappropriate at this time to unmask them. Unmasking is a matter that Ms. RD and I feel is an important component of athletic administration. Yes, they are known to use social media and while I will or will not comment on their tweets, I will. Their tweets speak for themselves.

These boys worked harder than any team the administration has ever seen in the history of working hard. And while it was taxing on everyone (except the Ritchie), they collude some help from others. Sorry, that was "could use some". As we said from the start, defensively, we would put up a wall against our opponents, and we did. Like we also said, those opponents paid for it.

Now listen, I'm not going to argue with you about our awards today. It's pretty obvious whatever we say will be twisted by all of you. Our MIP, while a bit of a nut job, was a player who did not play a lot of baseball before this season. His athleticism and our leadership made up for that lack of experience. So much so, that he ended up as the best player in the league. Amazing. Period.

The other best player in the league was our MVP. This guy was a star all year. All year. He came into tryouts with the best skills, he was the best leader, and had the best words every game. While he is a bit of a showboat, he hit (based on alternative facts) 5 times more homeruns than anyone else in the league.
This year's U12 baseball team, as voted by me, are MIP: Brennan Mangat and MVP: Blake Duyn.
No questions, covfefe. **BK**

This season, things began as they usually do: the coaches introduce themselves, we list the meets we will attend, and then the grade 9s proceed to tell us how they won their event in elementary school. Although that is impressive, the returning athletes are thinking bigger picture: how they can leave their mark by having their name grace the track and field record board. These past months spent together have produced many memories, but in terms of pure athletics, the CISAA Championship stands out most. **NT/TJ**

**Highlights of the 2017 track and field season**

This season things began as they usually do: the coaches introduce themselves, we list the meets we will attend and then the grade 9's proceed to tell us how they won their event in elementary school. Meanwhile the returning older athletes wonder how they will manage to get their name on the track and field record board.

This season had many highlights – such as cold days and track meets

At the CISAA Championships many of our athletes had solid performances:

Noah Hulton won both the long jump and the high jump.
Graham Cassar placed second in the long jump and 110 m hurdles, he won the triple jump.
Adre Simmonds was second in the 100 m, Jake Edwards was 4th.
Luke Burleigh won the triple jump.
Douglas Chen Young was second in the discus and fourth in the shot put.
Sebastian Georgio was third in the discus.
Kabir Hamza was 4th in the javelin.

During CISAA senior pole vault Callum Murphy won, Josh Mwinyoglee was second, and Joseph Yazdani placed third. Callum also jumped 6.67 m to win the long jump.
In the midget boys event Neebeesh Elliott won, Cole Nip was second, and Artem Kotchanov was third.

This weekend Graham Cassar, Cole Nip, Joseph Yazdani, and Callum Murphy are all competing at OFSAA in Belleville.

Some of our other highlights:

The senior 4 x 100m relay team, Adre Simmonds, Jacob Edwards, Connor Woodroffe, Douglas Chen Young, Kevin Desautels. Everyone of these guys raced on this relay team either at CISAA, where they finished 3rd or at the Metro Championships

The Senior 4 x 400m relay team – Callum Murphy, Conor Woodroffe, Ryan Jamieson and Eric Deterle. This foursome ran faster than last year's team. Unfortunately, they were unable to break the school record at Metros.

Graduating team member

The coaches would like to thank the following graduating team member for their commitment to the program. These young men have been a positive influence on the program:
Douglas Chen-Young, Callum Murphy, Dalton Lehman, Hamza Kabir, Jacob Edwards, Nik Seidel, Nick Theodore, Conor Woodroffe, and Joseph Yazdani.

U14 Track Season Overview

The U14 Track season began as a small group of athletes and then Marshall Ma joined, bringing the rest of the Middle School with him. This, now, an army of athletes came in all sizes and abilities – some were really excited to compete in all the events while others came to practice with reservation. The most rewarding part of the season; however, was seeing every athlete find an event they enjoyed and trained to become better at. The season also included some unconventional events including throwing discuses at a wall; deciding it was more fun to do high jump over a garbage can, and lastly, at one POD meet the boys were subject to a "decathlon" of push-ups, sit-ups and burpees. Overall, the army of middle school track stars learned the fundamentals of every track and field event and had their personal best performances at the CISAA Championships.

With this being our grade 5's first year on the track team, this individual performed extremely well throughout the season. At the CISAA championships, he came 7th in long jump and set a new personal record for high jump as he cleared 115. The grade 5 MIP and one of our most dedicated athletes on the team goes to… Matthew Abramowicz.

Our grade 5 MVP has a competitive nature and quick feet. At CISAA he placed 7th in the 400m and was the anchor of our 4 by 100 relay. We proudly present the MVP award to our grade 5… Maxam D'Angelo.

Our grade 6 MIP was talented in many of the events. He was able to improve both his running and jumping scores throughout the season. At CISAA he placed 3rd in the triple jump and 9th in the 80m hurdles. Our MIP award goes to… Daniel Kloepfer.

With speed and agility this grade 6 individual is able to compete in the 100m, 200m, and 400m with improving his times in all three events over the season. Most notably at CISAA he placed 5th in the 200m. The anchor of the 4 by 100 relay and our MVP is… Quintin Roy.

Our grade 7 MIP is someone who consistently put an effort in practice. In both the 100m and 800m races at CISAA, he placed in the upper half of the U13 boys, proving that practice and hard work do show. Our MIP award goes to… Dennis Lin

With passion and a drive to be a leader, our grade 7 MVP is the one of most enthusiastic members of the team. Often offering to lead the warm-up practice, and never forgetting to remind the coaches that it was time to start the warm up laps, our grade 7 MVP is… Nat Bannister

Our grade 8 MIP was someone who had a positive attitude at every practice and meet. This positivity showed in his drive and endurance in some of the tough 4 lap warm-ups. Never giving up, and always pushing through, our MIP award goes to… Lucas Demello

Setting a great example by showing the desire to constantly improve himself, our MVP showed great leadership and endurance in the all events. Proving that having the right mindset means results, he beat his own personal High Jump record at CISAA. Our grade 8 MVP award goes to… Jordan Trajkovski

# 1st Tennis

Last year, the 1st tennis team graduated 7 of 10 players. We did not do a good job of rebuilding since we are graduating 6 players again this year. We were fortunate to have 3 squash players (Niklas Seidel, Filip Grantcharov, and Brandon St. Pierre) try their luck with a bigger racquet. While they found it challenging, they all improved and added to the success of the team. Mr. Jaekel and I want to acknowledge Allan Svirsky's three years on 1st tennis. He was always reliable and a formidable opponent for anyone he played whether in singles or doubles.

There were 14 teams in the Sr. tennis league, where four from each of two divisions qualified for the playoffs. With a record of 3 wins and 3 losses, we finished in a three way tie for the final playoff spot, lucky enough to come out ahead using the tie-breaking criteria.

At the CISAA Championship, we finished 7th of the 8 playoff teams. At the OFSAA qualifier, Matteo Derbedrosian opened a lot of eyes with his inspiring play only to narrowly lose in his final match which would have qualified him for OFSAA. He was a lot of fun to have on the team, but if you know Matteo, well then you are way ahead of me.

Captain Melvin Maroon and Warren Zhang who both played singles for our team in the CISAA, combined in doubles to qualify for OFSAA and had a great three days earlier this week. The team they lost to in the quarter-finals easily took gold. If you ask nicely, I am sure that Melvin and Warren will show you their shiny antique bronze medals. We would like to thank Melvin for setting such a high standard in terms of play and for always being a class act on and off the court. **PB**

**Back Row:** Mr. Paul Bedard Esq., Allan Svirsky, Filip Grantcharov, Melvin Maroon, Mr. Matthew Jaekel Esq.

# U16 Tennis

**Front Row:** Leon Kwok, Eric Wei, Juan Pablo Martinez Rougon, Jacky Kwok
**Back Row:** Mr. Matt Wyatt Esq., Caleb Veisman, Arthur Wang, Leo Li, Michael Bessonov, Marc Nelson, Mr. Matthew Jaekel Esq.

The U16 Tennis team took to our new tennis courts this Spring. It has been wonderful to practice on campus again (when there was no rain, sleet, or freezing rain!). We once again had the opportunity to host meets on campus, including our first of the season that saw the U14, U16, and 1st Tennis teams all host their opponents on our new courts. Unfortunately, U16 tennis team lost, and most of our other meets against deep competition, ultimately finishing 6th in the CISAA finals. Despite our record, the boys improved as a team and as singles and doubles players over the season. It was very clear to see the improvement throughout the season. Many of the boys played their best matches down the stretch and into the finals. MW, MJ

# U14 Tennis

Coaching the U14 Tennis Team is always a highlight of my year, but this year in particular, was made even more special by the addition of our new tennis courts. Throughout the very short season, we defeated Ridley and Appleby, and lost to UCC and Crescent 2 matches to 3. This was enough to qualify for CISAA where we faced even tougher competition from Toronto French and UCC Prep. In the end, we finished 5th out of 9 schools. We say goodbye to several grade 8's – Denis, Roy, Jason, Pablo, Jerry, Val, and Matheen. Thank you for choosing tennis and for supporting your teammates when they were competing. And to the returning players, I look forward to another great season next year! RO

# 1st Lacrosse

**Front Row:** John Hopkinson, Noah Lugli, Dylan Cowell, Corey Andonovski, Will Sirman, Caleb Creasor, Felix Cote, Lucas Thorne, Oliver Harris, Will Paterson, Matthew Brenzel, Jason Knox
**Back Row:** Mr. Joe Commisso, Esq., Dylan Henderson, Evan Brisley, Mathew MacDougall, Luke St. John, Carson Ricca, Quest Rodin, JP Schnabel, Cameron McLean, Parker Boland, Hashim Baloch, Ewan Fox, Ben Coates, George Brown, Chris Poropat, Mack Morgan, Mr. Greg Reid, Esq.

Every year students, parents, colleagues and lacrosse enthusiasts ask me what our 1st team will look like for the coming spring. This year, whenever asked, my answer was always the same…
I expected that we would again be excellent in net and that we would be very strong offensively, but with Oli Harris and Will Paterson as the only returning long sticks and Lucas Thorne as the only returning Defensive Midfielder, the jury was out on how we would do on team defense, with many new faces in the lineup.
Despite the fact, that virtually all of our 13 defensive players have three or less years of experience, and only one of them plays any lacrosse outside of SAC, our team defense was much better than the coaches could have expected. Over a 25 game season, the D only allowed 186 goals against (that is only 7.4 goals a game), and they only allowed 9 of those 25 teams to score double digits. Keep in mind that the net is 6' x 6' (1.8m x 1.8m for any metric enthusiasts), the goalie wears virtually no equipment save a helmet, chest pad and jock…and scores are routinely in the neighborhood of 15-12.
At the other end of the field, the offense totaled 276 goals for an average of 11 goals per game, and they scored in double digits 17 times.
This year's group started the season on one of the most successful runs ever for SAC lacrosse, tallying 12 straight wins and earning a 15-1 record as of May 5th when we headed to the US for our second of three southern swings. The last nine games of the year proved much more challenging however as injuries mounted and the quality of our opponents ratcheted-up.
Over the course of the season, we went 5-2 against US opponents, swept our own Early Bird Event, finished second in our Annual Tournament, and won the Trent University Tournament. Our overall record of 18-7 earned the team a current ranking of 6th in Ontario and 3rd amongst Ontario AA schools.
In the CISAA Final, the Saints lost a tight one to St. Michael's College School by a score of 10-7. Our boys were full value on the day and as the saying goes, "they left it all on the field". GR JC

This was another crazy season for the U14 lacrosse team. We had a full roster of players with every skill level possible. Many new players had to rely on their understanding of other sports to get them by until we could practice on our grass field and not in the arena. With limited practice opportunities, we were actually coaching positions and rules on the bus to our first tri-meet against KCS and SMC. We were asking quite a bit from these boys; veterans helped coach on the field during the game, while the coaches, tried to shout instructions over the field to new players directing them on where to go and what to do. We came away with a win and a close loss to SMC that day. It was an outstanding start to our season. We knew we had some potential despite our limited experience. We ended up with a 3-3 season record and were happy to be hosting UCC at home for the semi-final match-up. Unfortunately, we were not prepared for them and they took a quick 5-1 lead going into half time. We rallied back and found our game.

Coach Chadsey and I want to acknowledge our grads who have been with us for several years and have played a tremendous role in our growth as a sport. We thank Mason Wright, Jack Bray, AJ Nichols, Marchel Woods, Giacomo Primucci, Keldan Dagenas, Breaden Donnelly, Ian Morrison, and Julian Dainard. Special mention goes to Keldan and Ian for acting as our goalies this year. This was greatly appreciated. FC

# Varsity Golf

**Back Row:** Mr. Dave Stewart Esq., Anthony Peninno, Matthew Medhurst, Michael Von Schalburg, Will McHenry
**Front Row:** Steele Rodin, Austin Brett, Andrew Kraik, Mrs. Meslissa Ramon Esq.

Golf teams, as you might know, are made up of some interesting individuals. Both our junior and Varsity teams are no different. You might know Steele Rodin. He was on the golf team. But during our practice rounds, he often would bring his camera rather than his clubs. He would follow us around, saying things like, "Hey, Mr. S, can you look any cooler?" and "Mr. S, where is the swagger?", and "Coach Ramon, are you angry with me?" Prefect-elect Austin Brett was also on the team. He also wondered on a regular basis if Coach Ramon was angry with him. One day I asked him why he thought that. "Cause, you know, Steele told me." Thank you, Steele. Bryce Neil was a wonderful addition to the squad. At the award ceremony at the end of the season, he was awarded "Nicest Golfer Ever". If you saw him on the course he would yell out, "Hi, Coaches, I am having a wonderful day." During one tournament, Bryce picked up a couple of sand wedges from the edge of the green. They belonged to girls in the group ahead of him. He ran straight to them, stopped and said, "Hi, Ladies, I am Bryce Neil. I believe these are yours." They thanked him profusely. "It's not bother. Please follow me on snap chat, NiceguyBryceNeil. I must return to my golf game. Until next time." Then he bowed to the ladies and ran away. Christian D'Alessandro was a member of junior squad and he won the dubious distinction of "Using the Most Excessive and Inappropriate Hockey Player Style Language Possible." After a round, you would ask him how it went. He would respond with, "Well on the first tee I...beeeeeeep...and then beeeeeeeep." Coach Ramon had to plug her ears. Matthew Medhurst decided not to wear socks during one tournament. On the bus ride home, he felt the need to take his shoes off. The bus driver, a competent woman named Carol, smelled the feet and began gaging and suggesting that the smell had blinded her in one eye. Poor Coach Ramon felt so ill that she almost became reacquainted with her egg salad sandwich from lunch. Once Carol regained her eye sight, we continued on our way to SAC. Was this a team of Champions?

The final tournament of the season did not yield our best results, but we shot very well. We are extremely proud of the junior boys who ended the season with a 3rd place finish overall and only a couple of strokes out of second place. This is a tremendous accomplishment for these young golfers and the future of SAC golf is very promising. On the Varsity side, SAC boasted several of the best golfers in the league and every week we played well, we played consistent golf, and we were, without a doubt, the team to beat. I made a prediction that morning: if 3 of our guys shoot in the 70s, we will win the CISAA. Lead by stalwart Andrean Golfer Michael von Schalburg who shot a 77 (the second low round of the day), Bill McHenry and Andrew Kraik both followed with 79 and Matthew Medhurst rounded out our final with an 82. This is what a championship team looks like. Every week we were consistent and every week, another one of our top golfers lead the way in dominating fashion. In the end, no other team was even close to us and we truly were the class of the field. And for the first time since 2003, St. Andrew's College Varsity golf are CISAA champions! DS/MR

# Junior Golf

**Back Row**: Mr. Dave Stewart Esq., Chris Yi, Daniel Park, Bryce Neil
**Front Row**: Ali Habib, Daniel Kraik, Hunter Kolm, Mrs. Melissa Ramon Esq.

Golf teams, as you might know, are made up of some interesting individuals. Both our Junior and Varsity teams are no differentHeadmaster McHenry arrived, drove around on a cart for a little while then left for the Rugby match.
At another point in the round, Coach Ramon and I heard rustling in the bushes. I thought it was a raccoon and Coach Ramon thought it was a bear. It was neither. It was Mr. Biasi! "How are you two dudes doing?" Coach Ramon was indignant, "I am not a dude." "Wow, tough crowd. Hey, listen, I gotta' go. And if you see D'Angelo, I was never here, ok? Yeah, baby!" With that, Mr Biasi ran away.
The final tournament saw the Junior boys in 4th place overall and the Varsity boys as the number one seed. But, the slate was wiped clean and we needed to play well to secure the championship. And since the course was close to home, we had several spectators.
We were truly proud of the Junior golfers this year. We battled hard and achieved great results. Choosing MIP and MVP for this group was very difficult, but in the end, two names stood out. Both MIP and MVP were the two most consistent golfers on the junior circuit. Our MIP is in Middle School and is one of the reasons we achieved such great results not only throughout the season but in the final tournament as he shot a tremendous low round of 80. And our MVP played in all of our tournaments remains the epitome of consistency. He was a quiet leader and a positive force on the golf course. His solid, consistent play is one of the main reasons for our success this year. Junior golf MIP goes to Hunter Kolm and MVP goes to Ali Habib. **DS, MR**

Junior golf MVP goes to Ali Habib, and MIP goes to Hunter Kolm.

**Front Row:** Dorian Jones, Adrian Montes de Oca Marquez, Hugo Madrigal , Bernardo Vazquez, Owen Lapshinoff, Andres Segura, Willem Grier

Former Olympic gold medalist and current Ironman World Champion, Jan Frodeno, recently said that his overall training plan is really quite simple. He said, "Everyday, I want to go to bed better than when I woke up." We adopted that same training strategy with the triathlon team this year. In order to be better tomorrow, you have to push your limits today. Success does not come from leaping over a challenge in a single bound, it comes from a series of determined steps over time … and let me tell you, our triathletes took a lot of steps this year. Their hard work and persistence in practice certainly paid off. Collectively, our boys earned their place on the podium at every event we raced this year. We won more medals this year than in any previous season.

I want to thank our boys for believing in the process and finding strength in one another during tough training days. Even though we race as individuals, you certainly learned the importance of training together as a team if you want to maximize your potential. **KR.**

## 2017 Varsity Cricket Season Recap:

When spring rains fall, cricket balls dissolve into an ugly mess, quickly negating outdoor practices. Varsity cricket managed less than a dozen outdoor sessions this season. After our Sunday evening winter practices ended, that meant many days inside working on improving basic bowling and batting skills. Once we moved outdoors, we were able to make advances in our fielding: increasing accurate and distance throwing, along with the ability to catch rock hard balls going many tens of mph, hurtling toward one's unprotected hands. Practices were never dull, with Axel providing comic relief while swimming through lower-field lakes, or the ever-present bus sing-along which always failed to wake up a sleeping Duncan curled up on the floor somewhere.

In a baseball game, each team needs 27 outs over 9 innings. In cricket, 10 outs ends the game, so there are far less chances to make a catch. Three players held on to earn two important outs this year: Thomas Childerhose (wicketkeeper), co-captain Ben van Eeden, and Alexander Smith. The advantage over baseball is in the batting inning, where any player can hit up to 180 balls bowled at him, for as many runs as he can belt out. Unlike in past years, this season we struggled to take advantage of that, where only one player was able to score double-digits, Graham Stanley-Paul who hit 10 in our first league game. Ben was our highest scorer, earning 18 runs in his 3 games played, for a decent average of 6. Five other boys had averages in the 2 runs/game, with the remaining nine, all scoring lower.

Amazingly, newcomer-grade-8-cricketer and youngest member of our team, Noah Jeppesen, earned the best bowling average, while giving up 21 runs in two games, he took 5 wickets in total, for an average of 4.2 runs/wicket. Ben was next closest, at 14 runs/wicket taken. Three others averaged in the "twenties". It was great to have at least nine boys participate in league game bowling, with more budding reserves at the ready.

In addition to the above-mentioned, we must give a respectful "Adios" to our graduating players: co-captain Basel Arsalen (who has grown with the program for 4 years), and to new-comers William Deo and Hale Lee. Many thanks for the ongoing efforts and support of our remaining athletes: co-captain Mikey Bahen, Jacob Crocker, Sterling Cochran, Martin Skachkov, Axel Ravera, Kieran Shah, Duncan Smith, and Warren van Eeden.

For such a young Varsity team, it's no surprise our award winners are from only grade 10. All 16 members have improved in their own way, but the one player who made the greatest gains in all aspects of his game was our MIP: Alexander Smith.

MVP means the player who is most invaluable to the program, both on and off the field. Mikey Bahen, with his inspired enthusiasm also provided strong leadership and mentoring for those less experienced. He was only eclipsed by his co-captain, who brought the same enthusiasm and wisdom to his juniors, but also "walked the talk" by achieving our most impressive combined bowling, batting, and fielding performances. Congratulations to this year's MVP: Ben van Eeden.

No question: it was a challenging year losing matches to older, far more experienced teams, which made it extremely tough to score runs and gain wickets - both keys to winning. If there was a special season highlight, it would be how shockingly close we came to stopping TCS's powerful Australian bats with our amazing Andrean catches, to the degree that their coach called a highly unusual time-out to speak in serious tones to his fading side. Despite our near miss, it was great to see the team rejoice on the field celebrating each stunning success. The boys ended the season optimistic about future years, and grateful for the opportunity to learn and enjoy this great sport – the 2nd most popular in the world. Coaches Kyle, Gomes, and Ahmed are delighted to have worked with such a fine group of young gentlemen. DK
